Shehdeh Jodeh is Full Professor at Department of Chemistry, An-Najah National University, Nablus, Palestine.

Google scholar: <https://scholar.google.com/citations?user=aG2r46UAAAAJ&hl=en>

Education:

- Ph.D. (Physical Chemistry) 1991, Wayne State University, Detroit, Michigan, U.S.A
- B. Sc. Chemical Engineering, 1987, University of Mississippi Oxford, USA)
- M.Sc. (Physical Chemistry), 1985, Sam Houston State University, Texas, U.S.A
- B.Sc. (General Chemistry), 1983, Yarmouk University, Irbid, Jordan

Employment history:

- 2004-present: An-Najah National University, Nablus Palestine
- 1994- 2004: General Motors Research and Development, Warren, Michigan USA

Research Interests:

- Adsorption Chemistry,
- X-ray Diffraction
- Nanomaterials Synthesis, Polymer
- Material Characteristics
- Corrosion
- Environmental Chemistry and Pollution

The research activity, more than 177 articles published in ISI peer-reviewed journals.

H-index: 19, with 1760 total citations

Reviewer in international Journals:

J. of Applied Polymer Science, J. of Chemical Engineering, J. of Land Contamination and Reclamations, J. of Analytical Chemistry, J. of Analytical and Applied Pyrolysis.
J. Soil and Surfactants, Soil and Sediments Contamination, J. of Polymer Research
J. of Hazardous Materials, J. Molecular Liquids, Arabian J. Chemistry, J. Env. Science.
