

# CIMEE 2023

## CALL FOR PAPERS

Authors are invited to submit full papers describing original research work in the CIMEE23 event.

### Special Session CIMEE-2023

The Scientific Committee has scheduled a series of Special Sessions that put the overarching theme of the conference, « Green Chemistry and Innovative Technology Towards a More Sustainable Environment » CIMEE-2023”, into practice.

#### Call for Papers — Special Session

#### “Bioenergy, Bioresource Technology & Environmental Sustainability”

for Thematic Sessions of the 5<sup>th</sup> International Symposium on Materials, Electrochemistry, and Environment (CIMEE-2023), scheduled to be held during 21-23 September 2023 as a Virtual Conference

The conference is in an ONLINE format with on-demand lectures and organized discussion sessions. In addition to the special session, there are guaranteed to be relevant talks throughout the conference.

#### Notes for Prospective Authors:

Authors are invited to submit their research papers (in English) to the conference.

Not only submissions from attendees of the 5<sup>th</sup> International CIMEE2023 Symposium will be accepted, **but ALL original papers will be welcome**, provided that the topics of the manuscripts fall exactly within the scope of the aforementioned session.

#### Manuscript Submission Information:

You are invited to submit your manuscript at any time before the submission deadline 31-December-2023. Please submit the manuscript via the journal's online submission system: <https://www.editorialmanager.com/nexus/default2.aspx>
